Displacement	2,250kg / 4,960lb
Hull Material	GRP
Engine	2 x Suzuki DF350A outboards
Builder	Coulam Limited, UK
Designer	Andrew Wolstenholme
Accommodation	Wheelhouse & Heads

BROKER'S COMMENTS

What an exceptionally versatile machine! Introducing the Coulam V29 Beach Lander - LANDING PARTY.

Nothing beats a landing craft for disembarking your troops, vehicles, and equipment on your chosen beach - although this one is certainly not painted in drab olive, and has a far more benign intent…

Designed by Andrew Wolstenholme with a fast, low-draft medium V-profiled hull, the Beach Lander can do it all. If you wish to carry your quad bike to your island, there is no mucking about. Drop that 1.75-meter-wide bow door down, and you have a proper James Bond-style loading ramp. If you want to take ten friends fishing for the weekend (and who does not want to do that?), load up your kit, file into the wheelhouse, and set off. Maybe you just fancy hitting the beach on a balmy summer's evening - then load up the forward deck with your favourite portable outdoor kitchen, sling some chairs in (and maybe an event shelter for our somewhat changeable weather), and nose up to your favourite haunts. Trim up the two upgrade 350HP Suzukis, (which deliver a useful 50 knots) drop the bow door, and casually saunter ashore - how utterly fab.

The beamy flare of the forward sections translates into a very stable platform at rest, and underway she is capable of proper fast operation, with excellent protection for passengers or crew - both on deck and in her two-seater centre console. Her high side bulwarks are topped by substantial guardrails, and her massive lay-up is exhibited in the chunky moldings that support her hull topsides.

With sister ships in operation in every conceivable usage from sailing schools to highly adaptable super-yacht tenders, the Beach Lander is hyper-versatile. She is also built like the proverbial and very well-conceived and thought-out. With C-categorization for 10 persons on board, a massive heads compartment (with light and a proper marine WC), a galley wet-bar to her aft cockpit and a complete electronics package to include radar and a superb sonar - she is a veritable chameleon.

Just add water!

Note: Name to be retained by vendor.

OWNER'S COMMENTS

As Owner I can't add much to the colourful brokers comments above other than to say she really is a top spec, very comfortable family day boat which also happens to have a useful front landing ramp.

She actually has wheelchair ramp extensions too so great if that's what you need. Ultra stable, great sea boat and fantastic performance. Do have a careful read of the specification as there are some hidden gems such as the Air Suspension seats. ££€$ extras!!

MANUFACTURER'S COMMENTS

"The centre console Yacht Finish version offers all the usual specification found in Coulam built boats, a centre console, full width aft seating, individual seats in bow area, toilet compartment inside of the console, full electronic packages including touch screen displays, electric steering, joystick control and Czone digital switching, wet bar, including electric BBQ, hot and cold running water at sink, fridge /

freezer and storage compartment, individual covers for seating areas and console, fixed air suspension driver and passenger seats & side door entrance. Every boat is bespoke built; we can cater to most customer requirements."

CONSTRUCTION

RCD Status: The yacht conforms with the essential safety requirements of Directive 94/25EC or RCDII (2013/53/EU as appropriate (Recreational Craft Directive) and is categorised C – "Coastal" for 10 persons on board.

- GRP hull, deck, and superstructure.
- Hull in Royal Blue gelcoat finish, wheelhouse in Ivory gelcoat.
- Light Grey deck pads and wheelhouse interior.
- Substantial grey D-section rubber docking fendering around deck coaming and to bow door.
- Electrically operated lowering bow-ramp on Lewmar electric winch (with manual winch operation option also), with 1.75-metre-wide bow opening.
- Custom side access gate to port bulwark (ideal for wheelchair accessibility).
- 2500kg total load capacity.
- Black Hempel antifouling & new anodes - Spring 2026.

MACHINERY

Engines & Gearboxes:

- Twin Suzuki DF350A 350HP gasoline/petrol outboard engines with electric start and power trim.
- All data relayed to Suzuki information displays.
- 6-cylinder DOHC 24-Valve, with Multi-Point Sequential Electronic Fuel Injection fuel delivery system.
- 4390cc displacement, delivering 257.4kW @ 6300 RPM.
- 2.29:1 gearbox.

Maintenance & Performance:

- Engine hours - c.49 as of November 2026.
- Engines last serviced Spring 2026.
- Cruising speed - approx. 30 knots.
- Maximum speed - approx. 50 knots.

Propulsion & Steering:

- Suzuki Precision control electronic gear/throttle selection via single level controls.
- Optimus 360 joystick control.
- SeaStation is an electronic positioning and virtual anchoring system.
- 4 x Stainless steel three-bladed propellers (duoprops contra-rotating on each leg).
- Seastar Optimus EH1552 electronic steering.
- Lewmar electric bowthruster.
- Lectrotab electro-hydraulic trim tabs with indicators to helm.

ELECTRICAL SYSTEMS

Voltage Systems:

- 12V DC ships electrical system.

- RokkCharge USB charging ports at helm.
- CZone control switching & DC distribution panel on plotter.

Battery Banks:
- 6 x Switched 12V 160Ah Mastervolt AGM batteries.

Alternators:
- 12V/54A alternator to each engine.

Battery Charger:
- Mastervolt CombiMaster12V/3000VA combi charger/inverter.
- Solar panels with Victron SmartSolar MPPT 100/20 charge controller.

PLUMBING SYSTEMS

Fresh Water & Water Heating System:
- Freshwater pressure pump.
- Water heating by electric calorifier/immersion heater.

Bilge Pumps:
- 1 x Electric 12V DC automatic bilge pump fitted under aft floor.

TANKAGE

Fuel:
- 1 x Stainless steel fuel tank with total capacity of approx. 440 litres.

Water:
- Freshwater tank plumbed to wet bar sink/shower hose.

NAVIGATION EQUIPMENT

- 2 x Suzuki/Furuno SMD12 colour chart plotters, with radar overlay, incorporating a 12" touchscreen display.
- 4kW Furuno HD closed-array radar.
- Side-scan sonar.
- AIS.
- Furuno DSC VHF.
- Aft-facing camera.
- Horn.

DOMESTIC EQUIPMENT

Entertainment:
- Fusion MS-RA670 marine stereo with loudspeakers.

Centre console lighting:
- 2 x Individually switched overhead LED white lights in hardtop.
- 2 x Switched overhead LED red night-operation lights in hardtop.

External Lighting:

- LED navigation lights.
- Hardtop-mounted Osculati searchlight with remote control.
- LED deck courtesy lighting.
- Interior light to heads.
