Engine	1 x Yanmar 4JH4-TE, 75hp
Builder	Hanse Yachts AG
Designer	Judel / Vrolijk & Co
Accommodation	6 berths in 3 cabins

BROKER'S COMMENTS

We are delighted to offer this exceptionally well-equipped Hanse 545, a yacht that combines contemporary design, impressive sailing performance and outstanding onboard comfort.

Delivered new in 2010 and now in the hands of her second owner, SAND has been carefully used for just a few weeks each summer, primarily for family cruising in the waters of the Skagerrak and Kattegat. Her limited use and careful ownership make her a particularly attractive example of this impressive model.

The Hanse 545 stands out with her sleek, modern lines, clean deck layout and spacious cockpit, featuring twin steering wheels and a fold-down bathing platform. Large hull windows, generous deck glazing and a low-profile coachroof create a distinctive appearance while allowing plenty of natural light into the interior. Designed to deliver excellent sailing performance while remaining easy to handle, she is equipped with both bow and stern thrusters, together with two electric winches. These features make manoeuvring and sail handling considerably easier, whether cruising with family or sailing with a small crew.

Below deck, the interior is remarkably spacious, bright and welcoming, offering a comfortable three-cabin layout with accommodation for six people. The generous forward owner's cabin features a large double berth and a private en-suite bathroom with a shower cabin, while two comfortable double guest cabins are located aft. The impressive galley is positioned to starboard of the companionway and is exceptionally well-equipped for extended cruising and entertaining. Features include two refrigerators, two freezers, a three-burner gas cooker with oven and dishwasher. Generous work surfaces in dark Plexicore, together with extensive storage, make this a highly practical and enjoyable space. To port of the companionway is a dedicated navigation station and a separate bathroom with shower. Further forward, the spacious saloon offers a large L-shaped sofa with dining table to port and a comfortable sofa to starboard, creating an inviting area for relaxing and socialising.

With her combination of elegant design, generous living spaces, extensive equipment and careful ownership, this Hanse 545 offers an excellent opportunity for anyone looking for a modern, comfortable and capable cruising yacht.

A well-presented and highly equipped Hanse 545 that we warmly recommend for viewing.

Key Facts:

- Hull and superstructure painted with Awlgrip.
- In-mast furling (Seldén).
- Yanmar 4JH4-TE, 75 hp.
- 3-blade folding propeller.
- Bow thruster (Side-Power).
- Twin stern thrusters (Side-Power).
- Self-tacking jib.
- Mainsail and jib, laminate sails (UK).

OWNER'S COMMENTS

SAND has given us many wonderful experiences over the years and has been a fantastic and comfortable floating summer home.

We have primarily enjoyed spending time aboard in Bohus Malmön, with occasional sailing trips between Bohus Malmön, Kungshamn and Gothenburg, stopping at some of the beautiful harbours along the way. We have also enjoyed a few longer trips to the Väderöarna islands and Læsø in Denmark. However, we must admit that we have probably spent more time relaxing on board than sailing her, and she certainly deserves to be sailed more!

One of the features we particularly appreciate is the large, angled windows, which provide a wonderful view of the surroundings while sailing and create a unique feeling of space and light below deck.

SAND is also surprisingly easy to handle, even with a small crew, making her a very enjoyable yacht for relaxed cruising. She has been a wonderful part of our summers, and we hope her next owners will enjoy her just as much as we have.

CONSTRUCTION

RCD Status: The yacht conforms with the essential safety requirements of Directive 94/25EC or RCDII (2013/53/EU as appropriate (Recreational Craft Directive) and is categorised A – "Ocean"

- 3-blade folding propeller.
- Bow thruster (Side-Power).
- Twin stern thrusters (Side-Power).

ELECTRICAL SYSTEMS

Voltage Systems:

- 12V and 24V system.
- DC control panel.
- 230V outlets.
- 12V outlets.

Battery Banks:

- 4 x Lithium batteries (Mastervolt MLI 24V / 160Ah) – 2019.
- 12 V batteries for service – 2024.
- Start battery – 2024.

Battery Chargers:

- Battery charger / inverter (Mastervolt Mass Combi 24V / 2000W / 60A).
- Battery charger (Mastervolt 12V / 60A).

Alternators:

- 1 x Alternator 12V.
- 1 x Alternator 24V.

Shore Power:

- 220V shore power system.
- 220V outlets in all cabins.
- Electrical distribution panel.
- Shore power cable.

Other Electrical:

- Battery monitoring panel (Mastervolt MasterView).
- Isolation transformer (Mastervolt Mass GI).

PLUMBING SYSTEMS

Fresh Water & Water Heating System:

- Total hot water capacity of 40L.

Bilge Pumps:

- 2 x Electric bilge pump.
- Manual bilge pump.

TANKAGE**Fuel:**

- Total fuel capacity of 400L.

Fresh Water:

- Total freshwater capacity of 700L.

Grey/Blackwater Holding Tanks:

- Total capacity of 100L.

NAVIGATION EQUIPMENT

- 2 x 15" touchscreen chart plotters (Garmin GPSMAP 7015).
- Autopilot (Garmin).
- Autopilot (Raymarine ST70).
- 2 x Wind instruments (Garmin).
- 2 x Multifunction instruments (Garmin).
- AIS.
- VHF DSC (Sailor 6215).
- VHF.

DOMESTIC EQUIPMENT

- Washing machine.
- Tumble dryer.

Galley:

- Large and well-equipped galley to starboard of the entrance.
- Ample storage space.
- Refrigerated cool box.
- Front-opening refrigerator.
- Front-opening freezer.
- Ice maker (not operational, currently used as an additional freezer).
- 3-burner gas stove with oven.
- Dishwasher – 2020.
