Hull Material	GRP
Engine	1 x Yanmar 150hp
Builder	Moody Yachts
Designer	Bill Dixon
Accommodation	9 berths in 3 cabins and saloon

BROKER'S COMMENTS

The Moody DS48 #20 NEW REGRETS is in virtually brand-new condition. She was delivered in July 2025, spent her first summer in the Baltic, and was then stored indoors in Germany from late August 2025 until June of this year, when she was shipped to Palma. This summer, she was family-cruised around the Balearic Islands and the Spanish coast, and is now laid up near Barcelona for the winter.

The boat is fully equipped with an extensive list of factory options, including the upgraded engine, generator, lithium battery bank, air conditioning, and diesel heating. She features fully push-button sail handling with an electric in-mast mainsail, two electric-furled headsails, electric winches, variable-speed bow and stern thrusters, a dinghy garage with an electric dinghy davit, and a full suite of Raymarine electronics at both helm stations.

The interior layout offers 3 double cabins, each with an en-suite head, stall shower, and backlit mirrors. The cabinetry is finished in light oak veneers with continental oak flooring. The galley cabinets are finished in light oak with pebble grey countertops. The galley is fully equipped with a drawer fridge/freezer, top- and front-loading fridges, a dishwasher, a Miele microwave oven, and a 3-burner stove with oven.

The light and airy saloon has a U-shaped settee to starboard with a hi/low table, and a dinette to port with a hi/low table, each side making extra berths, if needed.

The wide cockpit, accessed from the deckhouse via a sliding door, features port and starboard varnished teak cockpit tables and is fully enclosed by custom mesh canvas with a retractable fabric sliding roof. The helm deck is protected by a bimini and includes the optional wet bar storage with a drinks fridge. Wide side decks are illuminated by courtesy lights all the way to the bow, where you will find a forward seating area with cushions and a removable teak table.

The swim platform is electrically lowered, features fold-out swim stairs, and gives access to the dinghy garage, which is also enclosed with a canvas privacy screen.

Electronics are by Raymarine, featuring plotters at each helm station, dual autopilots with additional internal controls at the port dinette, an ORCA nav system, a FLIR thermal camera, and Starlink.

A Miele washer/dryer is located in the port cockpit locker.

Entertainment is via a 40" TV on a lifter in the saloon, a Fusion sound system, and a TV in the owner's cabin.

NEW REGRETS is registered in the Marshall Islands and is owned in a single-asset Marshall Islands company.

OWNER'S COMMENTS

We fell in love with the Moody DS48 design at the Annapolis Boat Show in 2024, and she has proven to be a wonderful boat for the two of us and our son and daughter. She is easy to sail with a small crew, yet spacious enough for extended time on board. She is perfect for entertaining, sailing with

friends, and offshore passage-making. A change in our plans is the only reason for selling her - we have loved every minute on board!

CONSTRUCTION

RCD Status: The yacht conforms with the essential safety requirements of Directive 94/25EC or RCDII (2013/53/EU as appropriate (Recreational Craft Directive) and is categorised A – "Ocean" (or Cat B – whichever is appropriate).

Hull, Deck & Superstructure Construction:

- White gelcoat GRP hull, with Balsa sandwich construction above waterline, and solid GRP.
- Caribbean grey waterline and cove stripes below the waterline, all outer skins coated in vinylester resin for superior osmosis resistance.
- GRP strong back grid.
- Epoxy barrier coat on bottom and Coppercoat antifoul.
- Full perimeter bulwark complete with continuous stainless-steel handrail.
- Coppercoat antifoul paint (no need to bottom paint).
- White GRP deck with moulded non-skid in areas around mast.
- Balsa sandwich construction.
- Thermal and sound isolated.
- Glued down Flexiteek decks with black caulking on side decks, foredeck, and cockpit.
- Large, fixed windows incorporated into hull sides for generous natural light in the cabins.

Keel & Rudder:

- L-shape keel, cast iron 7'1" draft.
- Single spade rudder with JEFA non-metallic self-aligning rudder bearings.

MACHINERY

Engine & Gearboxes:

- 1 x Yanmar 150hp, 107kW, turbo diesel engine.
- Saildrive with folding prop.
- Electronic engine controls at both steering pedestals.
- Engine control at chart table.
- Dual Fuel filter/water separator.
- Engine room sound insulated and illuminated.

Maintenance & Performance:

- Engine hours - approx. 125 hours as of Sept 2026.

Propulsion & Steering:

- 4-bladed folding propeller (Flexofold).
- Bow and stern thrusters, 24 volt. Sleipner variable speed.
- Thruster controls at each pedestal.
- Jefa steering with 2 x independent systems linked to a single rudder.
- Twin autopilot motors with changeover switch.
- GRP wheels, white.

ELECTRICAL SYSTEMS

Voltage Systems:

- 220V AC.
- 12V DC.
- 220V x 2 16A shore power.

Battery Banks:

- Engine battery - AGM 90Ah.
- Service battery bank 800 Ah lithium ion.
- Stern thruster batteries 24V.
- Bow thruster batteries 24V also for furlers and windlass.

Battery Chargers:

- Mastervolt Inverter 3500W, charger 150A.
- 12-24V converters for charging thruster banks from service bank.
- Isolator switch.

Alternators:

- 1 x Alternator 12V/200A.

Generator:

- 1 x Fischer Panda generator, 10,000i 10KW.
- Generator Hours – since new approx. 50 hours as of Oct 2026.
- Generator maintenance kit.

Shore Power:

- 230V shore supply protected with breaker and distribution system.
- Shore power 220V x 2 inlets.
- Isolating transformer.
- 220V outlets throughout.

Other Electrical:

- Solar panels 800Wh on saloon roof.
- USB charger outlets on each reading lamp, throughout boat.

PLUMBING SYSTEMS

Fresh Water & Water Heating System:

- 40L/10 US gal water heater, running via diesel heater and immersion heater 230V.
- Pressurized water system.
- 4 x Quality faucets 1 x in galley and 3 x for heads.

Watermaker:

- Ecosystems watermaker 220V 200 L/hr.

Bilge Pumps:

- 1 x Manual bilge pump.
- 2 x Electric bilge pump with automatic switch.

TANKAGE

Fuel:

- Total capacity of 570 ltrs/ 150 US gal in 2 x tanks.
- Fuel tank selector valves with dual fuel filters.

Fresh Water:

- Total fresh water capacity of approx. 766 ltrs / 202 US gal.
- I plastic water tank under forward bed.

Blackwater Holding Tanks:

- 3 x Blackwater holding tanks capacity approx. 80 ltrs / 21 US gal each with deck and underwater outlet.

NAVIGATION EQUIPMENT

- Raymarine Axiom pro 9" chart plotters at both helms.
- Raymarine i70 electronics package (wind, speed, depth).
- Raymarine autopilot control.
- Extra Raymarine autopilot control at chart table.
- Double autopilot motors with changeover switch.
- Raymarine Quantum radar.
- AIS.
- NMEA engine information on plotters.
- Starlink.
- Camera under first spreader facing bow.
- 2 x Compass illuminated (at helm stations).
- My Moody Sentinel remote boat monitoring (via cell phone).
- Thermal camera on mast.
- Orca 2 integrated GPS system.

DOMESTIC EQUIPMENT

- Miele washer dryer in cockpit locker.

Galley:

- 3-burner LPG stove with oven, gimballed. Lift cover.
- Miele microwave oven.
- Single drawer fridge/freezer, approx. 90 liters.
- Top loaded and front loaded 130-liter fridge.
- Pebble grey marine mineral stone countertop in galley.
- Extra drawer type drinks fridge in cockpit.

Heads/Showers:

- 3 x Electric toilet with fresh water flush.
- En-suite heads in each cabin.
- 3 x Stall Showers.
- Day head door to port head compartment from passageway.

Heating & Ventilation:

- Air conditioning 45,000 BTU incl. air handlers in each cabin. 4 units.

- Diesel heating with outlets in each cabin.
- Forward windscreen defogger.

Entertainment:

- Flat screen TV with lifting system in saloon.
- 40" TV.
- FUSION Apollo MS-RA770 multimedia radio, DVD player incl. color display & USB 2 high end.
- 2 x Speakers in cockpit.
- 2 x High end 2-way speakers integrated in headliner.
- FUSION remote control, in cockpit.
- 32" TV in owners cabin.

Interior Lighting:

- Overhead LED lighting in cabins, saloon, galley, and heads, dimmable.
- Lighting in engine compartment.
- Indirect lights in saloon and owners cabin, dimmable.
- Indirect lights in galley.
