Hull Material	GRP
Engine	1 x Yanmar 4HJ4-E, 54hp
Builder	Najadvarvet AB
Designer	Judel/Vrolijk & Co
Accommodation	6 berths in 2 cabins + saloon

BROKER'S COMMENTS

The Najad 380 is one of the most successful models produced by the renowned Najad yard on the Swedish island of Orust. Developed from the highly regarded Najad 373 and designed in collaboration with Judel/Vrolijk & Co., the 380 combines Scandinavian craftsmanship with excellent sailing characteristics and genuine blue water capability.

At the heart of the Najad 380 is her well-protected centre cockpit, offering a secure and comfortable environment for both helmsman and crew. A fixed windscreen provides excellent shelter, while the teak deck and integrated bathing platform contribute to both her elegant appearance and practical life on board.

The hull and deck are built in sandwich construction using Divinycell, complemented by longitudinal stringers and laminated bulkheads to create a strong yet relatively light structure. A deep bilge, externally mounted lead keel and skeg-hung rudder further underline the yacht's robust construction and suitability for serious cruising.

Below deck, the Najad 380 offers a warm and inviting interior finished in beautifully crafted, matte-varnished mahogany. The spacious aft cabin provides a comfortable double berth and a single berth, while a second double cabin is located forward. The saloon features two comfortable settees and a practical dining table with folding leaves, creating a welcoming space for relaxing and entertaining on board.

Conveniently arranged around the companionway are the dedicated navigation station, bathroom with shower and a practical longitudinal galley. The layout provides an excellent combination of comfort and functionality, whether enjoying a weekend in the archipelago or setting off on an extended voyage.

Najad 380, JOHANNA is a well-maintained and thoughtfully updated example of this highly regarded model. Both her first owner and her current, second owner have primarily used her for family cruising in Swedish and Scandinavian waters. Throughout her ownership, JOHANNA has been stored indoors during the winter months and has benefited from regular servicing, maintenance and upgrades carried out by Orust Yacht Service.

JOHANNA presents in good overall condition and is a very appealing choice for anyone looking for a well-cared-for Najad 380 with a documented history of professional maintenance.

If you are searching for a Najad 380 in good condition and ready for new cruising adventures, JOHANNA is certainly worth a closer look.

Key Facts:

- 5 berths in 2 cabins + 2 berths on saloon sofas.
- Electric furling for main sail (Seldén SMF) – 2020.
- Electric winch (Seldén E40i) – 2020.
- Furler for genoa (Furler 304 S) – 2020.
- Mainsail – 2021.
- Genoa – 2018.
- Yanmar 54hp engine.
- Bow thruster – 2025.
- 2 x Stern thrusters (Sleipner SX50) – 2021.
- Bow platform with integrated bow ladder.
- Electric bow anchor windlass.

- Manual stern anchor.
- Plotter 12" (Raymarine Axiom) – 2026.
- Plotter 7" (Raymarine Axiom) – 2026.

- Lead keel, bolted to deep bilge.
- Skeg hang rudder.

MACHINERY

Engine & Gearboxes:

- 1 x Yanmar 4JH4-E, 54hp.
- Shaft drive.
- Centaflex shaft coupling.

Maintenance & Performance:

- Engine hours approx. 1,500 hours (October 2026).
- Annual engine service.
- Extended engine service – 2022.
- Shaft seal – 2025.
- Engine mount adjustment – 2025.

Propulsion & Steering:

- 3 blade folding propeller (Flexofold) – 2015.
- Bow thruster, retractable, proportional drive, hold function (SRVP100 / 24V) – 2025.
- 2 x Stern thrusters, proportional drive, hold function (Sleipner SX50) – 2021.
- Stainless steel steering wheel, hide covered.
- Wire steering system.

ELECTRICAL SYSTEMS

Voltage Systems:

- 12V DC start and domestic system.
- 230V.

Battery Banks:

- Service batteries 12V / 420Ah (3 x 12V x 140Ah) – 2023.
- Start battery 12V / 75Ah – 2023.
- Thruster batteries 24V / 75 Ah (2 x 75Ah Optima gul) – 2025.

Battery Chargers:

- 12V / 40A (Hi-TEC).

Alternators:

- Alternator 12V / 80° (Hitachi).

Shore Power:

- 220V shore power system with earth fault breaker and cable.

Other Electrical:

- Battery control panel (Victron).

PLUMBING SYSTEMS

Fresh Water & Water Heating System:

- Pressurized fresh water system.
- Water heater 20L (Isotemp) – 2026.

Bilge Pumps:

- Electric high capacity bilge pump.
- Manual bilge pump.

TANKAGE

Fuel:

- Fuel capacity approx. 325L.
- Stainless steel tank.

Fresh Water:

- Fresh water capacity approx. 400L.
- Stainless steel tank(s).

Grey/Blackwater Holding Tanks:

- Black water capacity approx. 55L.
- Stainless steel tank.
- Deck and sea evacuation.

NAVIGATION EQUIPMENT

- Compass with light.

- Plotter 12" (Raymarine Axiom) – 2026.
- Plotter 7" (Raymarine Axiom) – 2026.
- Autopilot (Raymarine EV200 + p70) – 2022.
- Wind instrument (Raymarine i70).
- Speed instrument (Raymarine ST60).
- Depth instrument (Raymarine ST60).
- AIS – 2023.

DOMESTIC EQUIPMENT

Galley:

- 2-burner stove with oven.
- Fridge, 12V compressor, approx. 92 L.
- Double sink with water faucet, hot and cold water.
- Work top in laminate.
- Remote gas valve switch.
- 2 x Gas bottles.

Heads/Showers:

- Toilet, electric – 2026 (Jabsco Master flush).
- Basin with Corian worktop.
