Southerly 420 > **OVO**

Southerly 420, OVO represents a rare opportunity to purchase a newly launched 2026 Humphreys-designed Southerly 420. Recently launched this summer, she has completed her trials and handover and is now available for immediate purchase. Beautifully built by Concept Marine Projects and specified for safe, comfortable extended cruising, she features a smart grey hull, white superstructure, synthetic teak deck and Seldén carbon rig. Her Doyle Stratis sails are easily managed with electric furling and winches, while comprehensive Raymarine navigation provides the latest sailing instruments and chartplotters. Below deck, she is equipped for serious blue-water cruising with a generator, watermaker, air conditioning and washer/dryer. The bright, modern maple interior with Amtico flooring provides two double cabins and one twin, with an en-suite owner's cabin. OVO is a virtually new, comprehensively specified Southerly 420, ready to cruise.
