Accommodation	4 berths in 2 cabins

BROKER'S COMMENTS

The cleverly designed Sealine C335V by Bill Dixon features a sea-kindly hull, versatile layout options, and an extensive option list. Owners can personalize their yacht with a choice of woods, fabrics, and countertops to suit their individual style.

The yacht offers two generous double cabins, one forward and one aft, with an option to accommodate two additional guests using the hi/low saloon table. The saloon is bright and airy, thanks to expansive windows and a sunroof. A sliding fabric bimini provides shade for the rear cockpit, which connects seamlessly to the saloon via a glass sliding door, significantly expanding the usable living space.

The forward deck includes a sunbed and a forward-facing seat, while the rear cockpit seat can be converted into an additional sunbed for lounging.

An extended bathing platform wraps around the outboards, for good access to the water.

Design your perfect Sealine C335V for the ideal boat for today's family lifestyle!
