BROKER'S COMMENTS

The Sealine C390 cruiser is designed to deliver style, versatility, and performance in a compact yet luxurious package. With options for 2 or 3 cabin configurations, it caters to a range of preferences.

The forward owner's cabin features a large centerline berth with full walk-around access, a settee, and ample hanging lockers. The 3-cabin layout includes two aft cabins for maximum accommodation.

The helm deck is perfect for relaxing or entertaining, offering a choice of either an L-shaped or a wrap-around seat with a high/low dining table located to port, and a well-appointed galley to starboard.

The cockpit is shaded by a retractable bimini, while a sliding sunroof covers the helm. Visibility throughout the yacht is exceptional, thanks to the single-panel forward windshield, expansive side windows, and large cabin windows. For added convenience, a sliding door is positioned next to the helm station. At the bow, you will find a sun pad and a forward-facing deck seat, perfect for relaxing and enjoying the view.

Sealine offers a variety of premium finishes, woods, fabrics, and an extensive options list.

Power comes from twin Volvo diesel engines, with 320hp or 380hp, paired with stern drives. With the more powerful option, the C390 can reach speeds of up to 34 knots.

The Sealine 390 is the perfect yacht for creating unforgettable moments with family and friends on the water!
