Accommodation	4 berths in 2 cabins

BROKER'S COMMENTS

The Sealine F430 flybridge cruiser combines luxury and versatility within its flagship hull length. With options for 2 or 3 cabin layouts, and the flexibility to choose single or double beds in the port guest cabin, this yacht caters to even the most discerning buyers.

The owner's cabin is located forward, with the 2-cabin layout offering a choice between a large centerline berth with full walk-around or a scissor berth. Both configurations include a settee and generous hanging lockers in a full-beam design. Alternatively, the 3-cabin layout comes with the centre line owner's cabin option forward plus two aft cabins: one double and one twin.

The helm deck is thoughtfully designed for relaxation and dining, offering a wrap-around seat with a convertible high/low dining table opposite the helm station. The aft-positioned, full-width galley ensures convenient access to both indoor and outdoor areas.

Wide glass doors lead to the cockpit, which features a rear sunbed/seat and a cockpit table, all shaded by a retractable bimini. Overhead, a sliding sunroof protects the helm, while expansive side windows and a single-panel forward window ensure excellent visibility throughout. Additional features include a sliding door adjacent to the helm, a sun pad, and a forward-facing deck seat at the bow.

Setting the F430 apart is its expansive flybridge, designed for both cruising and entertaining. It includes helm and co-pilot seats, a large L-shaped settee, and a cockpit table—an ideal spot to enjoy breathtaking views or unwind with a sundowner cocktail after a day on the water.

As with all Sealine yachts, the F430 offers a wide range of wood, finishes, fabrics, and an extensive options list.

Powered by twin Volvo engines, with either 380hp or 440hp options, paired with IPS pod drives for effortless joystick docking. The yacht can reach speeds of up to 32 knots with the larger engines.

The Sealine F430 is a perfect choice for families and friends looking to make unforgettable memories on the water. Call us to see how we can customise one for your exact needs!
